

EŽYS · CHRISTMAS '26 · TVC STORYBOARD

Pinocchio has entered his teens

Director: Mitra

Agency: Truth · Production: Some Films

October 2026

Two camera languages, one joke

NEWS STUDIO

Shot like a real TV news show. Bright studio light, level frames, smooth and confident dolly moves. Rita and Benas never blink.

PINOCCHIO'S HOME

Handheld, like a real news crew on location. The camera reacts, it never anticipates. The Ežys ticker runs under every report shot.

MEMORIES

Quick flashbacks under his voice. Same handheld eye, so they feel like footage of his life, not a different film.

THE STORY

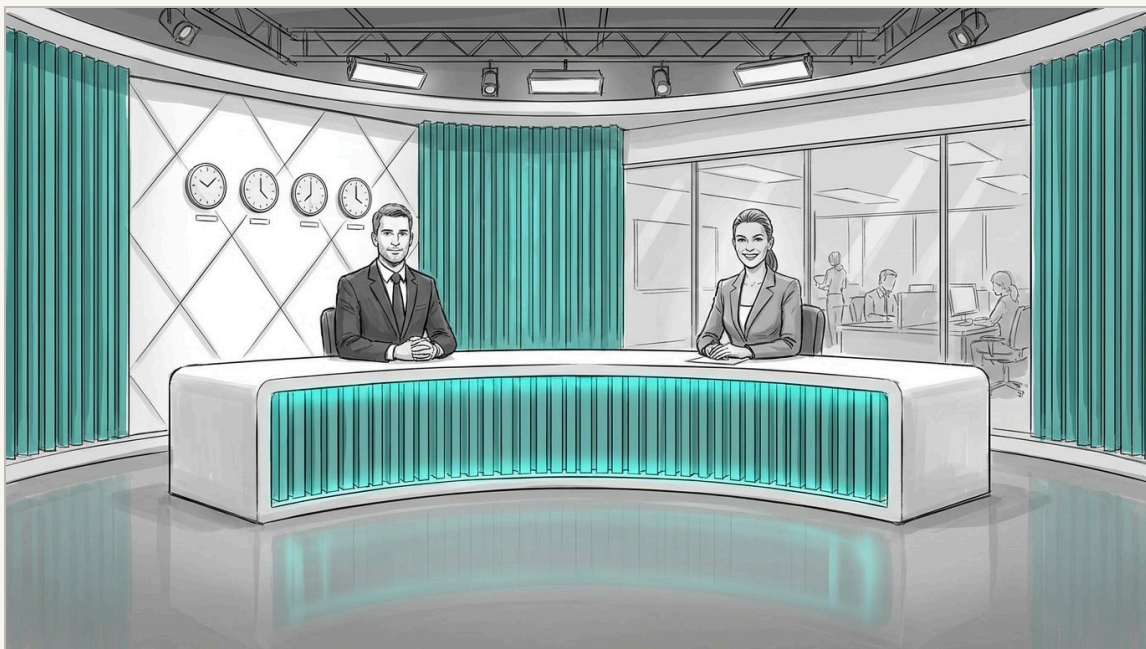

The mandarin is his first zit. He tries to pull it off, he tries to hide it, and in the end he lies about it. Every lie makes the nose longer, until it knocks over the Christmas tree and becomes a new one.

LITHUANIA, NOT AMERICA

A Soviet era apartment: herringbone parquet, a dark wall unit, a cast iron radiator under lace curtains, straw ornaments on a real spruce. The school has two tone painted walls, paper snowflakes on the windows and a cloakroom with coat hooks. No lockers. Door sign in Lithuanian on set.

COLOUR ON THE BOARD

Everything in greyscale. Orange only for mandarins, teal only for Ežys, red only for the reporter's Christmas tie.

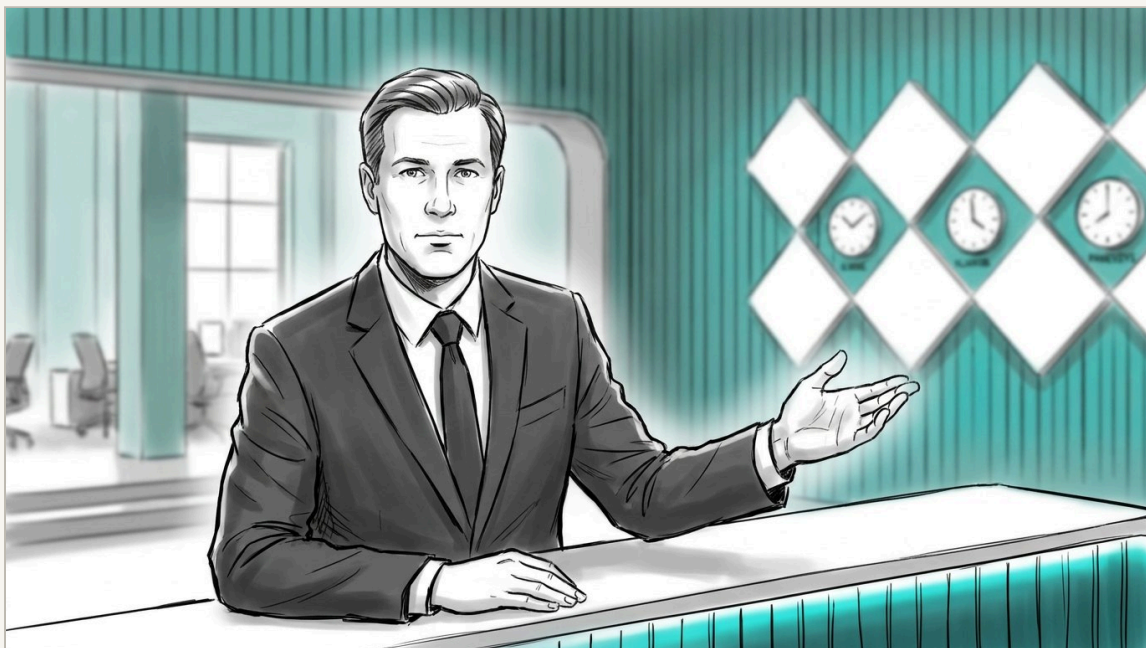

1

STUDIO

Wide symmetrical frontal. Smooth dolly pushes in on the news desk. Level, bright TV key light.

Business as usual at Ežys news. The headline is anything but.

RITA In the news today: Pinocchio has entered his teens.

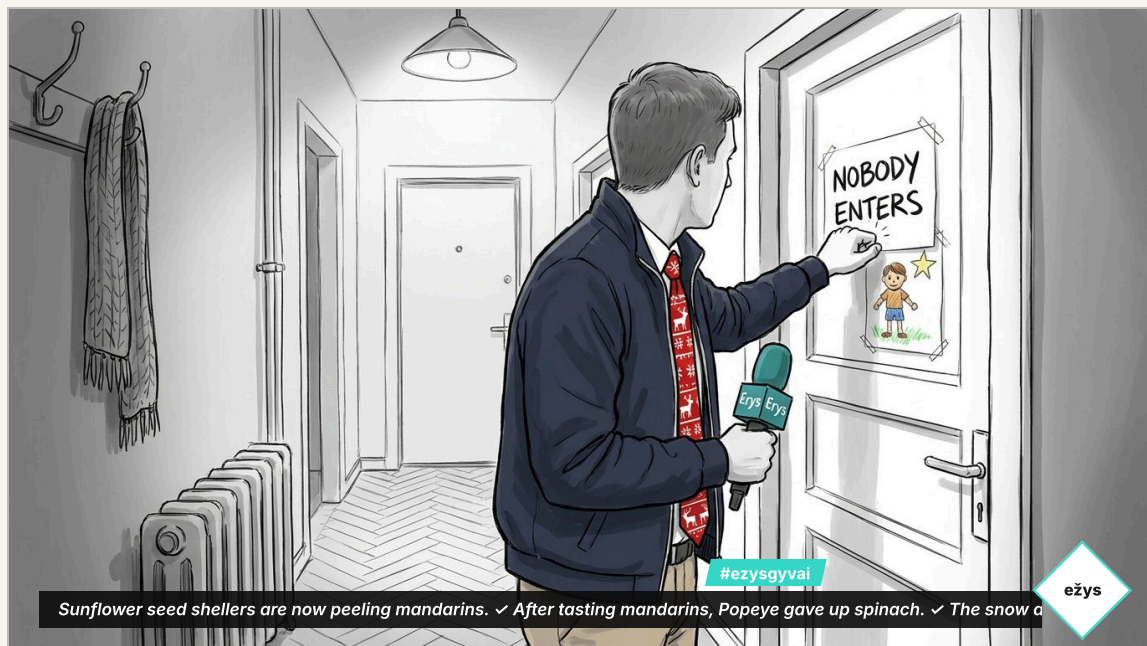

2

STUDIO

Medium close on Benas. Locked off with a slow creep in. Clean studio key, soft rim.

Total professional. He hands over to the most awkward live report of the year.

BENAS Trying to make contact: Andrius.

3

HOME · HALLWAY

Handheld over Andrius's shoulder. He knocks on a closed bedroom door with a NOBODY ENTERS sign.

A real news crew at a real teenager's door. Nobody is going to answer.

SFX Knock, knock.

4a

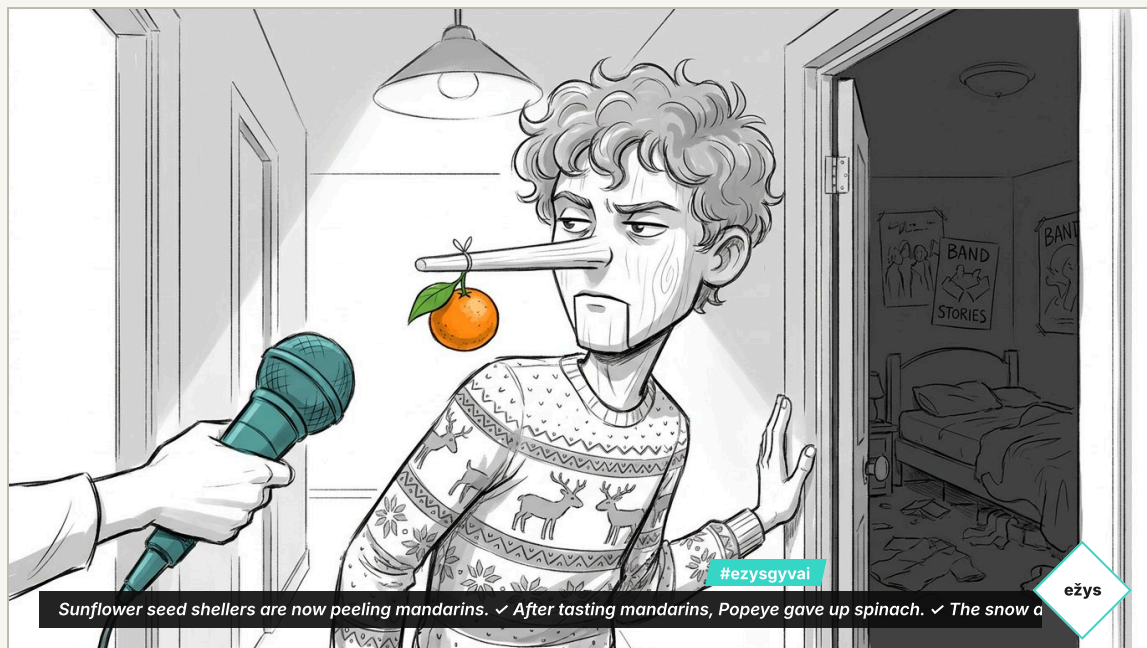

HOME · HALLWAY

Handheld close on the door gap. The door cracks open and the wooden nose slides out first.

The problem enters the frame before he does.

SFX Door creak.

4b

HOME · HALLWAY

Camera pulls back as the door opens wider. Pinocchio's face appears, mic pushed in from frame left.

Fourteen, furious and wooden. He did not ask for this interview.

No dialogue

5

HOME · LIVING ROOM

Handheld medium, slightly high. Pinocchio on the sofa, mic from frame right, Christmas tree behind him.

A confession on live TV. The tree stands there, innocent, waiting.

PINOCCHIO The holidays are almost here, and look what just grew on my nose!

6

MEMORY · BEDROOM

Close profile at nose height. His hands tie a string from the mandarin stem to the door handle.

The oldest trick from childhood, applied to a very teenage problem.

PINOCCHIO (VO) I tried to pull it off...

7

MEMORY · BEDROOM

Wide, static. He slams the door. The string snaps tight and yanks him face first into it.

Physics wins. The mandarin doesn't move an inch.

SFX SLAM. Wooden BONK.

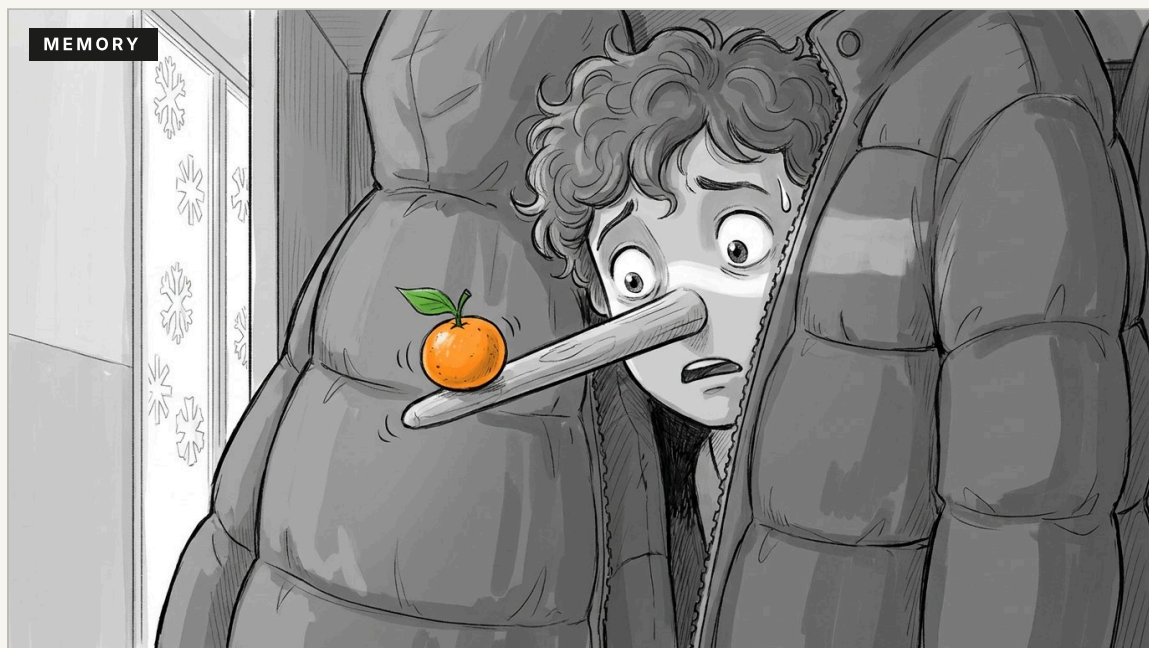

8

MEMORY · SCHOOL

Wide handheld down a Lithuanian school corridor. A nose and mandarin poke out between hanging winter coats.

The perfect hiding place. Almost. Here she comes.

PINOCCHIO (VO) I tried to disappear...

9

MEMORY · SCHOOL

Tight close up through the gap between two coats. Eyes, nose and mandarin only.

Teenage horror in its purest form. She has seen it.

No dialogue

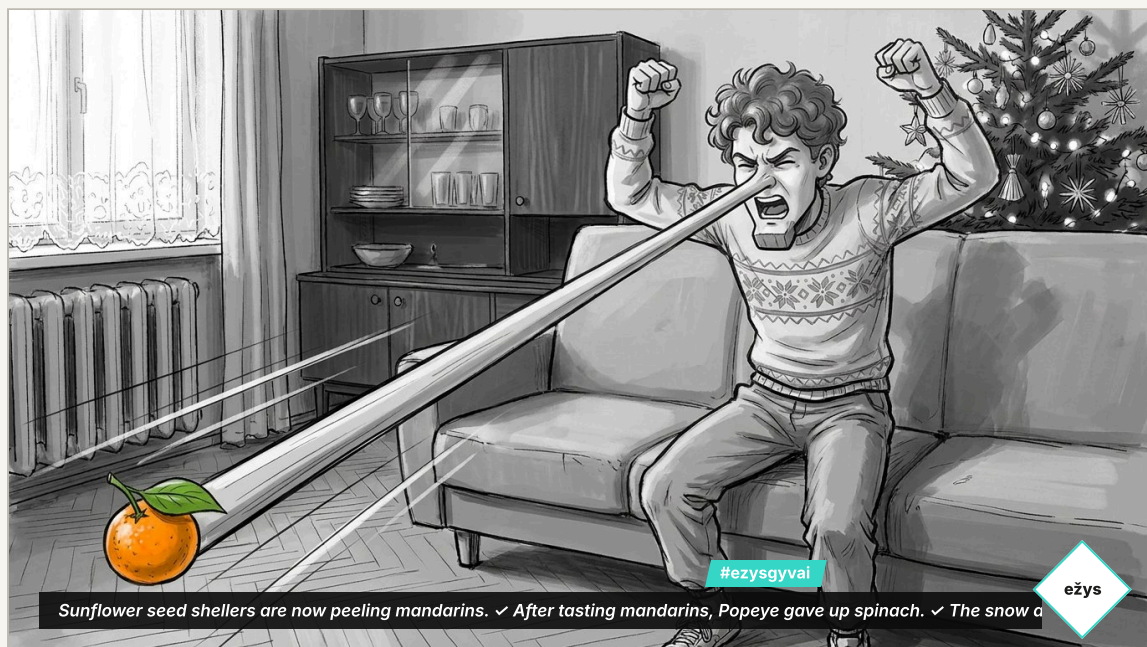

10

HOME · LIVING ROOM

Handheld two shot. Andrius kindly holds out a mandarin to Pinocchio. Tree between them in the background.

A small act of kindness. The worst possible move.

No dialogue

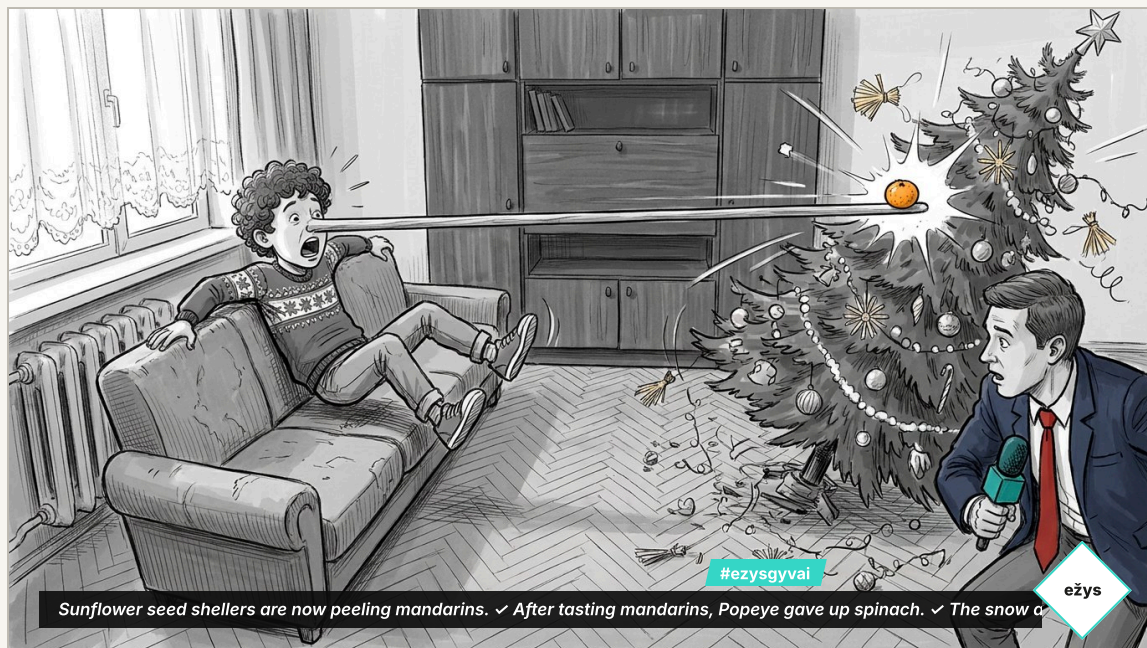

11

HOME · LIVING ROOM

Handheld low angle, 24mm. Pinocchio erupts and the nose shoots toward the lens. **VFX**

Pure teenage rage. Every lie makes it longer.

PINOCCHIO I hate it! I hate Christmas! I hate mandarins! I hate, hate, hate them!

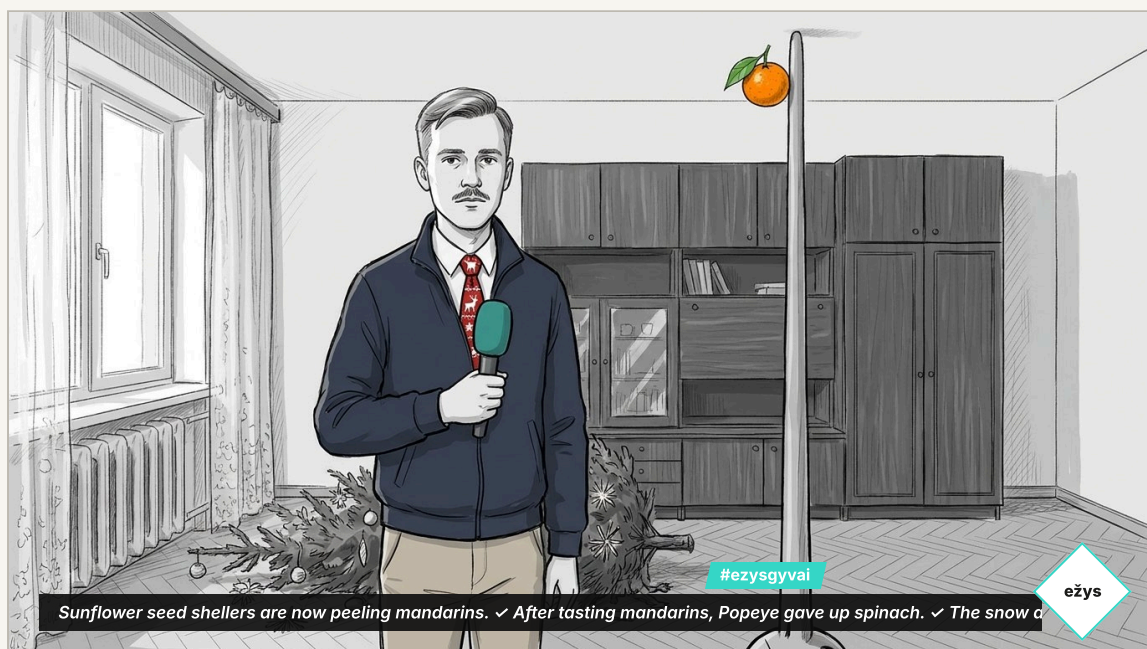

12

HOME · LIVING ROOM

Wide handheld. The nose hits the Christmas tree. Tree topples, Pinocchio falls back over the sofa. **VFX**

Out with the old tree.

SFX Crash, straw ornaments scatter.

13a

HOME · LIVING ROOM

Wide at waist height. Andrius beside the nose rising vertically from the bottom edge of frame. **VFX**

Pinocchio is on the floor out of shot, still ranting. The nose is not done.

PINOCCHIO (O.S.) ...hate, hate, hate them!

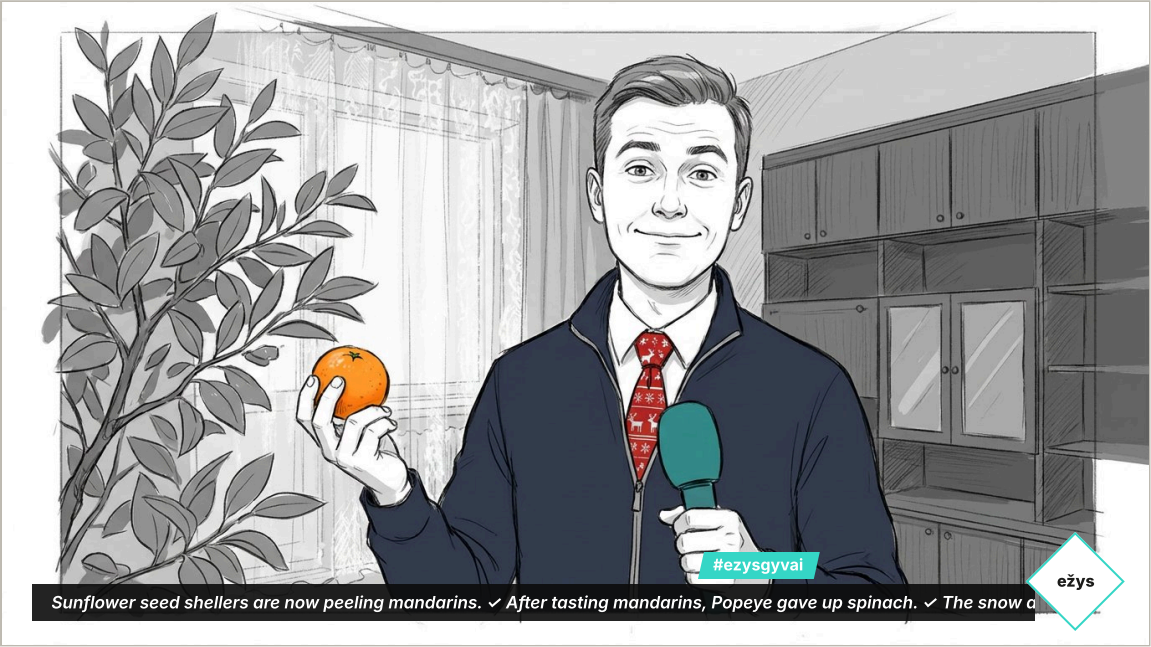

13b

HOME · LIVING ROOM

Same frame, camera holds. Leafy branches sprout along the nose into a Christmas tree full of mandarins. **VFX**

In with the new one. Puberty, but make it festive.

No dialogue

14

HOME · LIVING ROOM

Handheld medium. Andrius picks a mandarin from the nose tree and turns to camera.

The reporter has seen everything. Nothing surprises him anymore.

ANDRIUS Easy, Christmas is practically on our nose!

15

PACKSHOT

Product shot at table height. Mandarins tumble in, a Lynxmonade bottle drops and smashes them. **CGI**

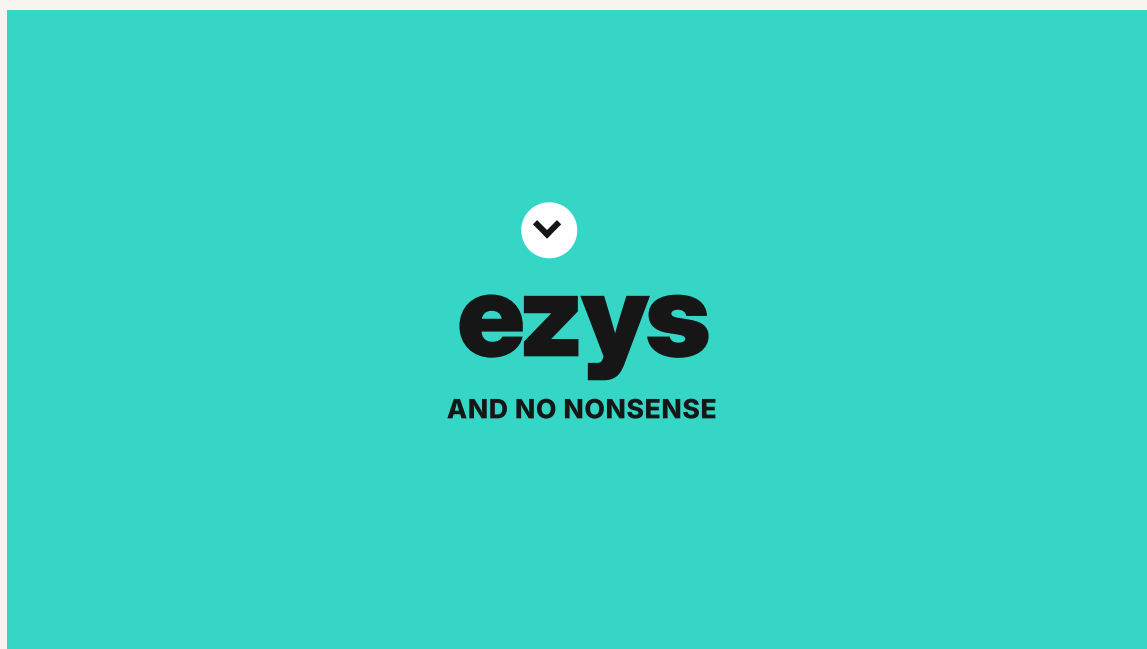

Juice everywhere. The only explosion Christmas really needs.

RITA (VO) Where there's Christmas, there are mandarins! Order the Ežys plan and win mandarin Ežys lemonade!

16

END CARD

Ežys logo on brand teal.

vo Ežys. And no nonsense.

8B

MEMORY · SCHOOL TOILET · OPTION B

Top shot straight down into a toilet cubicle. He curls up on the lid, nose pointing at the lens.

Alternative to the cloakroom. The cubicle is too narrow for his nose.

PINOCCHIO (VO) I tried to disappear...

9B

MEMORY · SCHOOL TOILET · OPTION B

Wide handheld from the side. A nose with a mandarin sticks out over the top of the second cubicle.

Two boys at the sinks freeze. One of them reaches for his phone.
